

Safety, Security, Health, Environment, and Quality is your passion, and you want to make a real difference in the world of shipping?

Then join our SSHEQ team in Hamburg as

SSHEQ Coordinator

JOHN T. ESSBERGER

**Consistent,
Reliable,
Straightforward**

The SSHEQ team plays a key role in ensuring the safety, health, and environmental compliance of the company's fleets. With the focus on customer satisfaction, these aspects play an immense role in all operations. For this reason, regular analyses of performance deviations are carried out in close cooperation with the ship's crew and the technical department in order to develop corrective and preventive measures.

In addition to monitoring the Safety Management System (SMS), the team coordinates and performs audits to ensure that the fleet always meets customer safety criteria. This is done through regular shipboard visits. In addition, the team investigates incidents, supports the ship's crew in their daily tasks and monitors the performance of the fleet.

Your tasks

- Co-ordination of various department activities
- Direct communication with vessels
- Development and implementation of Safety Management System
- Communication with stakeholders - Maintenance of department sites and documentation in Share Point
- Delivery of training
- Participation in emergency drills
- Support department/Company initiatives and projects
- Undertake trend analysis
- ship visits

Your profile

- Successful completion of Abitur or comparable
- You are in the final year of your apprenticeship as Shipping Clerk or already have a degree in the field
- Interest in safety, health, environment and quality topics
- Experience in maritime safety desirable
- Fluent written and spoken English
- High IT affinity and good MS Office skills
- Teamwork, high communication and organisational skills
- You have a quick grasp, a high willingness to learn and like to work in a team

Sounds great? Please send your application incl. CV and salary expectations to application@rantzau.de (HR Shore team)

About us

Our unique success story began in 1924. Today, we have a highly modern and excellently managed fleet of chemical tankers and containerships. By focusing on chemical tanker shipping and asset play, we aim to further expand our market presence and develop new business areas. We combine innovative shipping with traditional values. And we are proud of our highly motivated employees who work every day for our customers and partners. and partners every day.

All we need now is you!!
